Buehler Announces Magnetic Backed Polishing Cloths

Press release date: Aug 31, 2017

Advertisement

Save Time and Achieve Consistent High Quality Polishing Results

Buehler, a global industrial manufacturer of value-added consumables and specialty material testing equipment announces the introduction of Magnetic Backed Polishing Cloths to simplify the polishing process. Buehler's series of magnetic cloths combine the original Buehler polishing cloth material with a stiff magnetic liner to provide a convenient and easy to handle solution for the polishing process.
