continuous ISO certification with DQS," DQS President Brad McGuire said. "Buehler has been an early adopter of the ISO 9000 certification program. We are proud to partner with Buehler."

Most recently, Buehler achieved ISO 9001:2015 and ISO 14001:2015 certifications. The company develops material applications and product innovations for automotive, aerospace, medical and electronics manufacturers.

"During the last few years the Buehler team has been focusing on delivering solutions to help manufacturers by ensuring reliability of equipment and consumables for testing in industries that demand excellence and where only 100% success is acceptable," said Julien Noel, Buehler's global director of strategy and innovation.

Buehler maintains an extensive network of service, distributor and sales engineer teams that are available to meet with customers worldwide at Buehler Solutions Centers (Buehler owned laboratories) or Buehler Partner Centers (customer demonstration laboratories) in every continent.
