Buehler Hosts Wilson Hardness Testing Days November 4-5, 2020 - Virtual Webinars on Best Practices of Hardness Testing

Buehler, an ITW Company is hosting Wilson Hardness Days, November 4-5, 2020. This virtual educational program includes two half days of an immersion into Hardness Testing, Calibration, the Latest on Hardness Testers and DiAMet™ Software. It is ideal for quality control in manufacturing of parts or products from metals, metal alloys, ceramics, composites and others. Industries such as automotive, aerospace, heat treat, medical, surface coatings, metals fabrication and others rely on hardness tests to assure quality. Hardness Days is part of the centennial anniversary celebration of Buehler's Wilson hardness tester product line and is offered complimentary to all.

LAKE BLUFF, Ill., Oct. 6, 2020 /PRNewswire-PRWeb/ -- Buehler, An ITW Company is sponsoring Wilson Hardness Days November 4-5, 2020, two days jam-packed with online topics ranging from hardness testing, fundamentals to best practices, equipment calibration and more. This virtual educational program includes two half days of an immersion into Hardness Testing, Calibration, the Latest on Hardness Testers and DiAMet™ Software. Hardness Days is part of the centennial anniversary celebration of Buehler's Wilson hardness tester product line and is offered complimentary to all.

Dr. Mike Keeble, US Labs and Technology Manager and Dr. Evans Mogire, EU Labs and Technology Manager have planned educational programs for both beginners and experienced lab technicians. Along with other Buehler experts they will share their knowledge on key hardness testing topics that will be of interest to Materials Labs at Universities, Research & Development Centers, Metallurgical Testers and Production Quality Control laboratories in many industries including automotive, aerospace, defense, and metals.

Dr. Keeble states, "As we celebrate Wilson, the hardness brand within Buehler, we want to mark this year with something special. Many customers can't travel to trade shows or our Solutions Centers to see the machines in action, so along with many other activities we
